

WILMINGTON MANOR VOLUNTEER FIRE CO.

EAST JACKSON AVENUE AND DU PONT HIGHWAY

Wilmington Manor
NEW CASTLE, DELAWARE

MEETING FIRST AND THIRD TUESDAY OF EVERY MONTH

March 4, 1966

Mr. Harry B. Roberts, Jr., President
Levy Court of New Castle County
11th and King Streets
Wilmington, Delaware 19801

Dear Mr. Roberts:

During the past two (2) weeks, The Llangollen Landfill
has been a contention again.

Several weeks ago, a bulldozer was on fire resulting
from a fire on the landfill. This Company responded and
extinguished the fire in the dozer. Later that evening,
a pick-up truck caught fire and was extinguished. The
operator of the landfill expects the volunteers of this
Company to also extinguish the burning dump. In the past
few days, the dump has again been on fire.

It is our opinion that these fires are mainly the result
of carelessness and negligence and would be avoided if
proper precautions and supervision were exercised.

This letter is prompted so that you are aware of the
situation. We hope that you will take steps to avoid
repetition.

Yours very truly,

Vaughan C. Watson
